WORK & LEADERSHIP EXPERIENCE

Australian Bureau of Statistics | VIC, Australia

Inclusive Strategies Census Engagement Manager | April 2026 - Current

- Managing targeted engagement strategies to increase Census participation among culturally diverse, remote, and vulnerable communities.
- Building partnerships with community leaders and organisations, delivering culturally sensitive outreach programs, and developing events in regional areas to boost awareness and participation.
- Independently developing internal workflows and tooling to support operational efficiency and enable future transition into technical team contributions.

Hackeroos | VIC, Australia

Founder | May 2025 - Current

- Built a 2,000+ member community for hackathons, Aussie tech news, and jobs.
- TechVisa grant winner in Catalysr Accelerator (2025) and 5x mentor in the Practera program.
- Held hackathon events on AI, gaming, big data, and hardware in Australia.
- Secured close collaborations with Lovable, ElevenLabs, OpenAI, MLAI AUS, and Antler.

Career Break | US, NZ, Bali, Fiji, Aus

Travel & Relocation | July 2024 - April 2025

- Relocated internationally, and completed requirements for permanent work rights in Australia.
- Continued independent study in UX, AI tools, and full-stack development.
- Authored and illustrated a 60,000+ word teen sci-fi novel for self-publication.

LightLink | Remote

Community Manager & Product Designer | March 2024 - June 2024

- Improved blockchain dashboard UX; created virtual world events and digital asset designs.
 - Wrote a 12-chapter narrative to strengthen brand identity and user connection.
 - Launched and managed an Ambassador Program, training a team to streamline customer support.
-

Pellar Technologies | Remote

Community Manager & Designer | Sept 2023 - Feb 2024

- Consulted across various blockchain, tech, and marketplace projects.
- Delivered UX, social media, and design support to improve community engagement.

Voxels (formerly Cryptovoxels) | Remote

Community Manager & Product Designer | Aug 2021 - May 2023

- Directed product design, events, and avatar/land design, driving record virtual land sales.
- Designed 'Scarcity Island' gamified event, leading to all-time sales records.
- Created games, new features, and strategies that boosted user retention and engagement.
- Collaborated with engineers to improve 3D file interoperability and usability.

Designlab | Remote

UX Mentor | Apr 2019 - Apr 2020

- Mentored 100+ students in User Experience Design bootcamps.
- Provided feedback on portfolios, prototypes, and career preparation.

Gfycat (acquired by Snap Inc.) | Palo Alto, CA, USA

Senior Product Designer | Jul 2017 - May 2018

- Increased MAU from 80M to 180M through modern Web, iOS, and Android UI.
- Invented AR tools; co-authored 3 AR-related patents.
- Integrated platform with Gmail, Meta (Facebook), and Hollywood partnerships.

Meitu | Palo Alto, CA, USA & Xiamen, China

User Experience Designer | Mar 2017 - Jul 2017

- Co-designed top-grossing AR filter and global website, contributing to the 450M+ user reach.
- Localized UX/UI strategy, and optimized machine learning-driven flows.
- Enhanced inclusivity of product design, improving user experience and increasing revenue.

Minted | Oakland, CA, USA

Design Associate & Quality Control | Oct 2015 - Sep 2016

- Produced and reviewed over 10,000 design orders with consistent high quality.
- Trained and managed offshore production team for specialty orders.
